# HANCOCK HIGH SCHOOL

This year has been one of the most challenging years that HHS has faced in a very long time. COVID-19 has taken a lot from us this year, but like always, we have overcome these challenges in many ways. Although this year has been very stressful, we always found a way to make the best of it. Here at Hancock High School, the teachers, staff, and students are all amazing. I would like to say one thing that I hope will stick with you forever. I know we say this all the time, but it is very true: Once a Hawk, Always a Hawk. I love you and this school very much, and I hope your next Student Body President feels the same. Everyone have a great life, and HAWK PRIDE!

Love, Brandon Merwin <3

## Dedication Coach Andy Perniciaro

Andy "Coach P" Perniciaro has been with the Hancock County School District for 34 years. Sadly, this will be his last year at Hancock High School. He started his teaching career at Hancock North Central when it still housed the high school students. Coach P is a dedicated husband, father, teacher, mentor and coach. His students and players have always looked up to him as a positive role model. As a teacher and coach, he has met and enjoyed getting to know many people throughout his years at Hancock. His coworkers knew that he was always willing and available to lend a helping hand. He has worked with, for, and beside some of the most kind and dedicated people you will ever meet. In his words, he has worked with the best! He raised both of his children here at Hancock because it was an awesome place to be and he didn't want to be anywhere else. He has taught and watched his students grow into outstanding adults. He has always said you can't search the world to find any better students than the ones at Hancock. Andy Perniciaro has never had the desire to leave Hancock over the years, and has stayed here for one simple reason-He loves it...always has and always will. Go Hawks!!

# CLASS OF 2021

Dear Class of 2021,

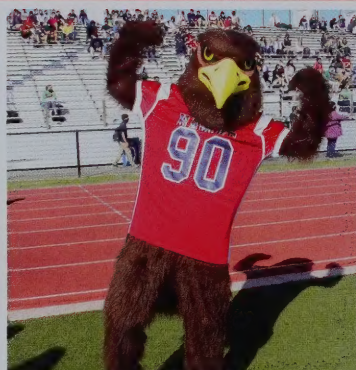

Our High School years began like a corny 2000s teen movie. We were measly freshman, just barely scraping along. However, by the end of the year, we found our bearings. As we advanced into our sophomore year, we undertook responsibility, joining clubs, taking dreaded honors classes, and making friends along the way. Before we even knew it, we were juniors. Unfortunately, our corny coming of age movie turned into a tragedy. As juniors, we were poised to take our seat in the high school hierarchy as kings and queens, but things soon turned sour.

We had trained like Rocky Balboa, putting in the sweat, blood, and tears, but when we hit the ring, a mysterious hand had pulled us out. The mysterious hand, the Corona Virus, took our prom, homecoming, clubs, and more. We had been utterly cheated. It is easy to ask questions like why us. It is easy to lose hope, to fall into nihilism, and to feel cheated. You are not alone, my friends; I, too, feel this way. The truth is that this event, while terrible, will make us stronger.

In a time when meaning and hope is hard to find, we should look to Viktor Frankl. Frankl was an Auschwitz Survivor and a renowned psychologist. In his book *Man's Search for Meaning*, Frankl posits that there are three ways to find meaning in life. First, he proposes that we can find meaning by working, achieving, and accomplishing something significant. Second, he suggests that we find meaning through compassion, caring for another, and relationships. But, what happens when we can not find meaning by these two means? Frankl argues that to find meaning, in the absence of the first two modes of meaning, we must have courage in the face of suffering. We get to choose our attitude. If we so choose, NOTHING can change our attitudes. Despite the pain and suffering, we can choose to rise above, and with courage, to find meaning and purpose. Corona may have taken our year, families, friends, and so much more, but we can not let it have dominion over us. We can not control everything. Corona is entirely out of our control, but by facing the suffering it left us in its wake with courage, we will find meaning, purpose, and most importantly, we WILL overcome.

Your Class President,  
Grant Holladay

# CLASS OF 2023

Another year has come to an end for the class of 2023 at Hancock High. We're halfway finished, and I'd say we're not doing too bad. Although in our current situation we have not been able to take part in normal high school events, we're working with what we've been given and there's only going up from here. My advice to you all is to always keep a positive mindset no matter the situation. We can't always control what we're given but we CAN control what we give. Congrats class on another year! Y'all are on to do great things.

With all my love, Allie Anglin.

# CLASS OF 2024

Dear Freshman Class of 2024,  
Congratulations we did it! We survived our first year of high school. Although it was different, we were able to adjust to it together. When we started off the school year, we were all anxious and afraid of how this year would go. As the year progressed, we were able to make new friends, learn new things, and create many memories that will last a lifetime. Throughout all of this, we as students were able to grow in knowledge and as people. We have matured and developed to better ourselves as representatives of Hancock. As we sit here and reminisce about our first year of high school, don't just think about this year, think about your fellow students and teachers who have helped get you to this point. As sophomore year approaches, we need to remember to always strive to be the best we can be. As students of Hancock High School, we will continue to rise up to any challenge given. This year has definitely been unforgettable!

Until Next Year, Addison Smith and Emilee Swilley

He adds to everything he touches and never fails to impress. Kanon leaves HHS a STAR student and a member of the Hall of Fame, and that is just the beginning of his story.
